Phlebotomy Training

February 18, 2021 | 8am-5pm
PRISM Clinic (downtown Decatur)

Click HERE to register

This training will introduce participants to the basic anatomy, physiology, and procedures for phlebotomy. Participants will:

- Learn the proper procedure for venipuncture
- Identify the acceptable veins for venipuncture
- Learn proper safety practices that protect against patient injury and accidental needlesticks
- Identify potential blood collection errors that can alter results

Upon completion of the course, an online exam, and practicum - participants will have a demonstrated knowledge of basic phlebotomy skills. No previous phlebotomy experience is required. Please note the practicum will take place at a future date. This training is open to all students, faculty, and staff.

The training cost is $333.00
Subsidies are available for students and CBO employees.

Registration closes Fri., February 12, 2021.
Space is limited, early registration is encouraged.
